**A Prayer**

Saint Monica, we pray for ourselves and our loved ones, that our family and all families might love the True God and likewise love one another. We ask that all fathers and mothers will worship rightly and understand the precepts of the True Church, and that they will be models and teachers to their children. We especially ask you to give aid, Saint Monica, to spouses who are unequally matched and whose children might feel conflicted regarding the values put before them. May these children and all children be drawn to the straight path of Jesus Christ, and may our prayers for them bring an end to the generational cycle of family dysfunction. Saint Monica, pray for us as you prayed for your own family, for we hasten to you as our holy mother and sacred intercessor. Amen.
